RE: Alteration of Terrain Permit Application #150710-117
Collden Farm Subdivision in Wolfeboro
Tax Map 78, Lot 15

Dear Applicant:

Based upon the plans and application, approved on October 7, 2015, we are hereby issuing RSA 485-A:17 Alteration of Terrain Permit AoT-0995. The permit is subject to the following conditions:

1. Activities shall not cause or contribute to any violations of the surface water quality standards established in Administrative Rule Env-Wq 1700.
2. You must submit revised plans for permit amendment prior to any changes in construction details or sequences. You must notify the Department in writing within ten days of a change in ownership.
3. You must notify the Department in writing prior to the start of construction and upon completion of construction. Forms are available at: <http://des.nh.gov/organization/divisions/water/aot/categories/forms.htm>
4. The plans and supporting documentation in the permit file are a part of this approval.
5. **This permit expires on October 7, 2020.** No earth moving activities shall occur on the project after this expiration date unless the permit has been extended by the Department. If requesting an extension, the request must be received by the department before the permit expires. The Amendment Request form is available at: <http://des.nh.gov/organization/divisions/water/aot/categories/forms.htm>.
6. This permit does not relieve the applicant from the obligation to obtain other local, state or federal permits that may be required (e.g., from US EPA, US Army Corps of Engineers, etc.). Projects disturbing over 1 acre may require a federal stormwater permit from EPA. Information regarding this permitting process can be obtained at: <http://des.nh.gov/organization/divisions/water/stormwater/construction.htm>.
7. No construction activity shall occur until a Wetlands Permit is obtained from the Department, if applicable.

Sincerely,

Amy C. Clark, P.E.
